PART ONE	Culture and Language Learning	I
CHAPTER ONE		
Culture		3
Cultural Psychology		4
Self-Construal		9
Culture within SLA		12
The Theory of Mind (ToM)		17
Theory of Mind and Culture		23
Theory of Mind and Second Language Acquisition		28
Theory of Mind and Conversation		30
CHAPTER TWO		
Language		35
Language and Culture Intertwined		36
Language, Gender, and Self-Construal		41
Other Aspects of Culture and Language		44
Object Categorization		46
Ethnosyntax		49
Interlanguage		56
Interlanguage Pragmatics		61
Indirectness and Self-Construal		64
CHAPTER THREE		
Biculturalism, Bilingualism, and Identity		69
Biculturalism		70
Bilingualism		77
Bilingualism and Age		80

Interference, Transference, and Codeswitching	83
Biculturals and the Perception of Self	85
Bilingualism and Identity	89
CHAPTER FOUR	
Cross-Cultural Awareness	99
Intercultural Communication	100
Cultural Paradigms, Cultural Schemas	105
Paradigm Flexibility	109
Interculturalism	111
Interculture	116
Cross-Cultural Awareness and Language Instruction	121
Intercultural Language Teaching/Learning	124
PART TWO Psychology and Language Learning	
135	
CHAPTER FIVE	
Information Processing	137
A Memory Model for the Processing of Information	139
Our Sensory System	140
Sensory Memory	142
Short-Term and Working Memory	142
Long-Term Memory	143
The Processing of Information and Cognition	144
The Processing of Information and Attention	148
The Processing of Information and Culture	150
The Processing of Information and the Self	153
The Processing of Information and Intercultural Communication	156
The Processing of Information and Language	164
The Processing of Information and Age	170

CHAPTER SIX

Cognition	175
Intelligence	175
Metacognition	178
Cognitive Styles	182
Strategies	184
Language Learning Strategies	190
Cognition and Emotion	193
Situated Cognition	205
Situated Learning and the Third Place	208

CHAPTER SEVEN

Motivation, Emotion, and Cognition	213
Motivation	213
Motivation and Culture	216
Motivation, Cognition, and Language Learning	219
Types of Motivation found in Language Learning	225
Motivation and Emotion	232
The Affective Filter	238
Cognitive Models of Emotions and Performance	240
Motivation and Language Identity	244

CHAPTER EIGHT

Memory	249
Working Memory	249
Baddeley's Model of Working Memory	251
The Central Executive	252
The Phonological Loop	254
The Visuo-Spatial Sketchpad	258
The Episodic Buffer	259
Long-Term Memory	261
The Explicit Implicit Dichotomy	263

Memory and SLA	266
Autobiographical Memory	269
Research on Autobiographical Memory	275
A Relationship between Culture, Psychology, and Language	279
Bibliography	283
Index	345
